[ENG] This hyper-condensed font was designed to attract attention with highly graphic text compositions. The texture, or vertical rhythm that the font provides, along with its distinctive and unconventional shapes, imparts a unique identity to the pieces in which it is used.

Digging BT was also the typeface with which DiggingRadio was born, a parallel project to Bastarda where we delve into the world of RAP with entertaining playlists. We invite you to listen to them at [diggingradio.com](http://diggingradio.com) and observe the font in action.

[ESP] Esta fuente hiper-condensada se diseñó para llamar la atención con composiciones de texto muy gráficas. La textura, o el ritmo vertical que proporciona la fuente, junto con sus formas particulares y poco convencionales, confiere mucha identidad a las piezas donde se pueda utilizar.

Digging BT también fue la tipografía con la que nació DiggingRadio, un proyecto paralelo a Bastarda donde hablamos un poco sobre RAP con playlists muy entretenidas. Les invitamos a pasar a escucharlos en [diggingradio.com](http://diggingradio.com) y a ver la fuente en uso.
