[ENG] HD Sans is a typeface family that combines calligraphic contrast and geometry. Like a good sans-serif, it seeks neutrality, making it versatile for all kinds of content. However, it features unique glyphs that give a special character to this font.

The robustness and necessary emphasis for darker weights are not overlooked, and the family is enhanced with extensive sets of arrows, dingbats, and multimedia icons.

HD Sans includes 6 weights for the Roman version and 6 for the italic version.

[ESP] HD Sans es una familia que combina contraste caligráfico y geometría. Como buena sans, busca neutralidad siendo versátil para a todo tipo de contenido. Sin embargo, hay glifos únicos que le dan un carácter especial a esta fuente.

No se olvidan la robustez y énfasis necesarios para los pesos oscuros y se potencia el uso de la familia con sets amplios de flechas, dingbats e íconos multimedia.

HD Sans cuenta con 6 pesos para la versión Romana y 6 para la itálica.
